

# Visit Dover

## Dover, Vermont

It's more than a place on a map. It's an attitude. Part calming, part stimulating. Part nostalgic, part cutting-edge. Part action, part art. And all of it is just a short drive from everywhere in the Northeast.

Visitors to Dover may arrive with skis, snowboards, snowmobiles, hiking boots, snowshoes, bikes, kayaks, paintbrushes or putters. But everyone leaves with memories...of the welcoming people, the natural beauty, and the exhilaration of having found something special.
